STATE OF WISCONSIN  
BEFORE THE MEDICAL EXAMINING BOARD

IN THE MATTER OF  
DISCIPLINARY PROCEEDINGS AGAINST

ANTHONY P. DALTON, M.D.

Respondent

---

ORDER DENYING PETITION

---

On December 14, 1995, the Medical Examining Board issued its Final Decision and Order in the above-captioned matter. By the terms of the board's order, respondent's license to practice medicine and surgery in Wisconsin was suspended for a period of not less than four years, with provision for successive three-month stays of the suspension conditioned upon compliance with certain conditions and limitations on the license. Among these were that respondent participate in a recognized program for the treatment of chemical dependency, that he participate in individual and/or group therapy a minimum of once each month, that he submit to random urine screens for the presence of alcohol and controlled substances, and that he provide for quarterly written reports from his supervising physician or therapist and the monitoring program. The effective date of the board's Order was December 14, 1995.

On January 24, 1996, the board found probable cause to believe that on December 30, 1995, respondent was arrested in La Crosse, Wisconsin for operating a motor vehicle while intoxicated, and that he had thereby violated the terms of the Final Decision and Order of the December 14, 1995, Order. It was therefore ordered that the stay of suspension of the license be terminated, and his license was suspended, effective January 30, 1996.

By letter dated February 8, 1996, respondent petitioned the board for reinstatement of the stay of suspension of his license. Respondent appeared before the board on February 22, 1996. The board denied the petition by its Order dated March 1, 1996.

By letter dated January 9, 1997, respondent again requested reinstatement of the stay of suspension of his license, and he appeared before the board at its meeting of January 23, 1997, in support of his request. The board considered the matter on that date.

Based upon all information of record herein, the board orders as follows:

ORDER

NOW, THEREFORE, IT IS ORDERED that the petition of Anthony P. Dalton, M.D., for a stay of the suspension of his license be, and hereby is, denied.

DISCUSSION

In denying Dr. Dalton's last previous petition for a stay, the board concluded: "Dr. Dalton must demonstrate some significant period of compliance with the program required by the board's December 14, 1995, Final Decision and Order before it will be comfortable in reissuing a stay of suspension." One of the requirements of that Order is that Dr. Dalton participate in a program of random, witnessed monitoring of his urine, blood or hair for the presence of alcohol and controlled substances. At his appearance before the board, Dr. Dalton disclosed that since the board's Order Imposing Suspension dated January 30, 1996, he has not submitted to a single urine screen. Accordingly, his petition must be denied.

Dated this 3 <sup>February</sup> day of ~~January~~, 1997.
